## Work Experience

### UI Designer & Front End Developer

Lucky VR | May 2022 — Present

- Collaborated with PMs, engineers and designers on cross teams to deliver a **complete revamp of the UI**.
- Designed information architecture, low-fidelity and high-fidelity **mockups and prototypes** in Figma and in-engine across projects.
- Designed a system of reusable UI components in Figma. Translated designs to XAML and C# code. **Built a highly-scalable resource library**, simplifying design and development workflows.
- Fixed and shipped UI bugs in engine and code. Maintained legacy UI.
- UI Design, Interaction Design, Unity, C#, XAML and Git skills.

### UI/UX Designer

Famli.net Communications Inc. | Jan 2019 — May 2022

- Built, managed, and directed **UI and UX for app and website**. Performed user testing, designed information architecture, wireframes, low-fidelity and high-fidelity prototypes.
- Built a consistent **branding and UI design system**.
- Spearheaded website development in WordPress and Elementor. Built and managed web layouts, pages, and visual content.
- Created videos, animations, and presentations to market the product and empower users.
- UI/UX Design, WordPress, JavaScript, CSS, and HTML skills.

### Graphic Designer

Ottawa Film Society | Jun 2019 — Sep 2019

- Designed print brochures and tickets.
- Redesigned and simplified order forms for clarity, **maximizing event registration**. Collaborated with printer to ensure optimal results.
- Improved existing visual assets to improve printing fidelity.
- Visual design, project management, and organizational skills.

### Field Operations Manager

University of Toronto TAGLab | Jun 2018 — Jan 2019

- Mobilized teams of volunteers tutoring over 120 residents learning technology at Sunnybrook Veterans Hospital and Revera Donway.
- **Designed brochures and posters, improving program engagement**.
- Established and maintained databases and documentation, increasing overall efficiency. Directed program changes, speeding up onboarding and reducing technical support needs.
- Leadership, communication, technical support, and writing skills.

## Education

### OCAD University

Bachelor of Design, Digital Futures

2016 — 2020

## Skills

### Design Tools
